

A photograph of a diverse group of six people in a modern office setting. They are gathered around a large wooden table, looking at a computer monitor and discussing documents. The office has large windows in the background showing a city skyline. A semi-transparent yellow diamond is overlaid on the left side of the image, containing the text "WHOLESALE SIP SOLUTIONS".

WHOLESALE SIP SOLUTIONS

by

HIGHLIGHTS OF IXICA BENEFITS

We are all about providing full flexibility, full control over your services without compromise, network security and dependability.

Just to name a few...

- All of our DID's are non geographic, which means Canadian, US and global DID's can all be shared on a single trunk
- Automatic failover triggered by an automated system can re-route DID's as well as allow outbound calls from a secondary IP
- 3 Major POP's across Canada to ensure diversity and redundancy
- Self serve management portal for all your LNP, E911 & DID orders
- Porting and new numbers available from 6400+ ratecenters across Canada and countries around the globe
- Scheduled porting & after hours porting available for US and Canadian DID's
- Dedicated account manager to ensure timely response and support
- No monthly minimum billing
- No term on any services
- T.38 passthrough enabled
- All Canadian & US DID's are portability compliant, which means they can be ported out from IXICA at any time

IXICA is a Canadian facilities based type 1 CLEC (CompetitiveLocal Exchange Carrier), which means higher reliability and security for your services.

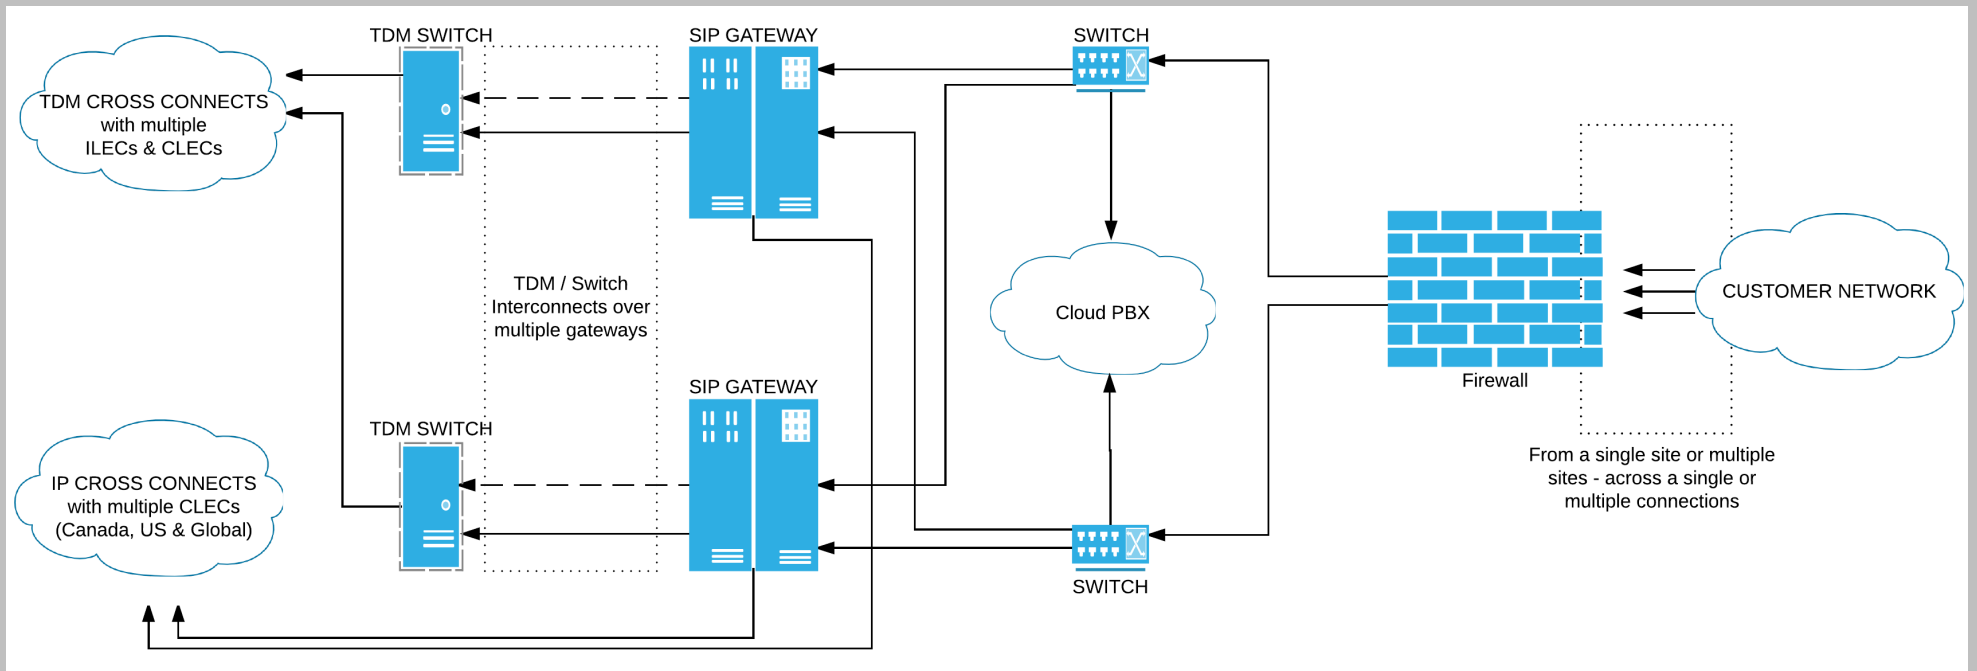

Wholesale accounts can be ready and deployed within 24-48 hours.

24/7 Email support
Telephone support during regular business hours
